

# Magic of Story Telling

## with Nancy Katyal

We learn and adapt best from hearing stories that strike a chord within us. Stories are how we think. Stories are how we explain how things work, how we make decisions, how we justify our decisions, how we persuade others, create our identities and define and teach social values...

We may not realise it, but we all are storytellers in our day-to-day lives 😊

**“Great stories happen to those who can tell them”**
